

VIRO BLOCK

Anti-Yeast

Anti-Viral

Breathable

Anti Microbial (activity level 99.9%)
Viro Block Technology*

OEKO-TEX- confidence in textiles.
Standard 100

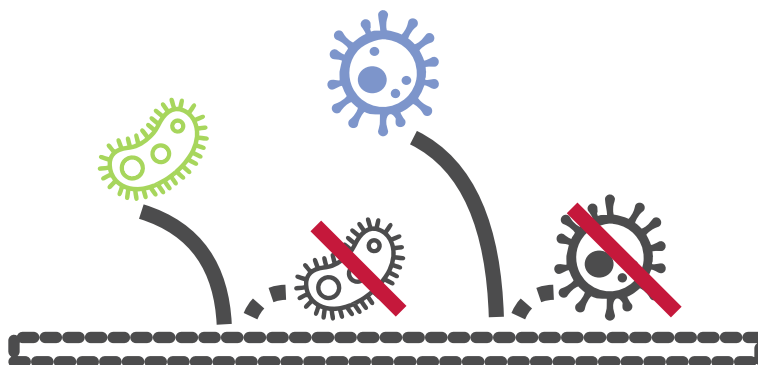

United States Environmental
protection agency

Ø ZDHC

Zero Discharge of Hazardous
Chemicals

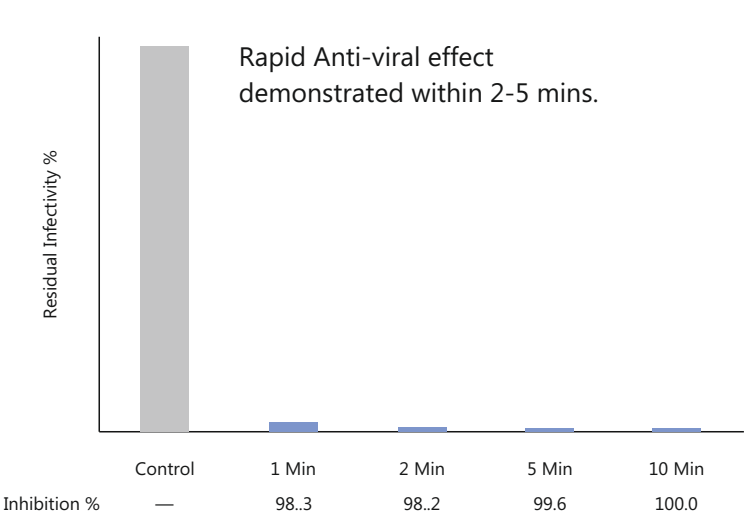

Textiles treated with Viroblock actively inhibit viruses and kill bacteria upon contact on the surface. By keeping the textile free of viable viruses and bacteria, Viroblock treated textiles help to minimize the potential for re-transmission of pathogens from textiles.

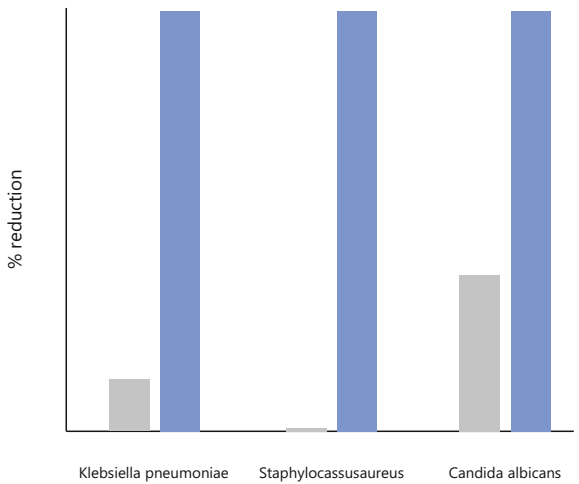

POWERED BY **ARVIND**

VIRO BLOCK

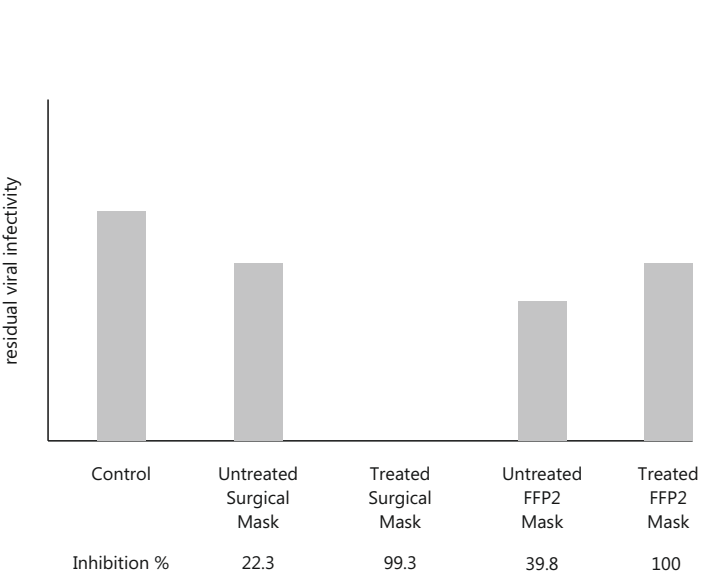

TEST STUDY

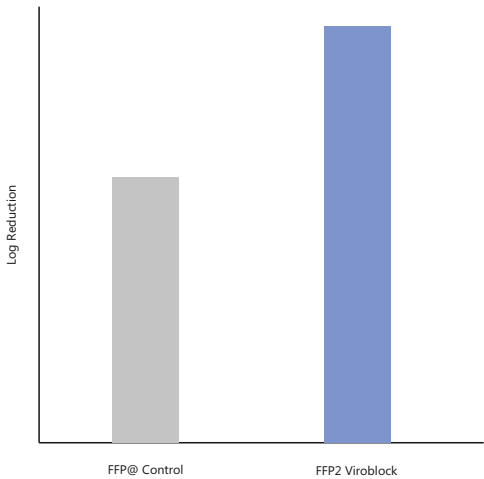

Instantaneous antiviral effect on Sendai virus

Antibacterial effect on bacteria

Determination of antiviral activity of textile products, International Organization for Standardization

Viroblock treated washable FFP2 fabrics shows significantly (>300 times) improved reduction in virus infectivity (mist contact)
